Our 2022 Social Responsibility Report is now available in English!

Learn more about the work done by BMA Advogados, together with partner organizations and a committed group of BMA people, over the course of 2022. The report describes our main actions in support of social impact, diversity and inclusion, education, culture and solidarity, and what we have done to make the universal principles and Sustainable Development Goals under the UN's Global Pact a pillar of our business strategy.

We believe in the power of connecting people and initiatives that have an impact on the society we live and work in. Building bridges and fuelling transformations is part of our DNA!
