

# BMA is highlighted in Análise Advocacia Mulher 2023

10.03.2023 2 min read

## Topics

[Recognition](#) [BMA Diversity](#) [BMA Women](#)

Once again, we have been highlighted in **Análise Advocacia Mulher 2022**, which seeks to promote diversity and gender equality in the legal market while giving greater visibility to Brazil's top women lawyers and recognizing the value of the role they play in the market.

The ranking listed BMA **36 categories among the various practice areas and industry sectors**, in **2 regions (Rio de Janeiro and São Paulo)**. **This edition highlights 26 lawyers**, including Beatriz Paulo de Frontin, Debora Bacellar de Almeida, Marina Maciel, Sarah Roriz de Freitas and Tathyana Milana Candu, who appear for the first time this year.

**Our recognized practitioners are:** Ana Paula Reis, Anna Carolina Malta Spilborghs, Antonella Carminatti, Barbara Rosenberg, Beatriz Paulo de Frontin, Camilla Paoletti, Cibelle Linero, Cristiana Moreira, Daniella Fragoso, Debora Bacellar de Almeida, Franciny de Barros, Jane Goldman Nusbaum, Letícia Pelisson, Lígia Regini, Luciana Celidonio, Maria Sampaio, Marina Maciel, Monique Mavignier, Patrícia O. Ferrari Sabino, Raquel Mansanaro, Sarah Roriz de Freitas, Tathyana Milana Candu, Tatiana Amorim, Tatiana Dratovsky Sister, Thais de Barros Meira and Vivian Casanova.

The publication also highlights our partner Barbara Rosenberg as one of the **most admired women lawyers in Brazil**. Once again, Barbara was named the most admired Competition lawyer at a full service firm, in the Technology, Steelmaking and Mining, and Maritime sectors.

The challenges to gender equity in the practice of law are still significant, but women increasingly hold leadership roles and make their presence felt in the market. **At BMA, women represent 56% of our team** and play a fundamental role in growth and leadership and the formation of new generations at our firm. We will continue to invest in initiatives that foster gender equity, such as our Mentorship Program.

Our congratulations and thanks go to all our women professionals, who contribute each day to a more egalitarian and welcoming environment at BMA.
