Recognition

We have been recognized once again by *Análise Advocacia*, the Brazilian guide to the most admired law firms and lawyers in the country. This year, 34 lawyers, 38 industry sectors, and 16 practice areas in our firm were highlighted.

Over the years, *Análise Advocacia* has become Brazil's go-to directory and essential tool for finding reliable information on the practice of law in this country. In arriving at this year's results, the guide conducted more than 1000 interviews with corporate counsel and financial executives responsible for hiring legal services for Brazil's largest companies.

In its 2020 edition, *Análise Advocacia* also highlights a select group of practitioners who have been named in all editions of the guide, which includes our founding partners Francisco Müssnich (Chico) and Paulo Cezar Aragão. In addition, our partner Barbara Rosenberg holds the number 1 position among the most admired practitioners of Competition law.

"This is an important year for both BMA and Análise Advocacia. Our firm is celebrating its 25th anniversary, and the guide is commemorating 15 years in publication. The guide has seen the firm's, and my own, history evolve, and I would like to express my admiration and happiness in celebrating these important milestones in 2020. The admiration is mutual," said Chico.

Paulo Cezar Aragão also expressed his gratification: *"Year after year, we have had cause for celebration in achieving a place among the most admired law firms in Análise Advocacia's ranking. Now it's Análise Advocacia's turn to celebrate the 15 years it has dedicated to highlighting the best of the Brazilian legal market. May this be only the beginning of a long and happy history in this specialized market,"* he commented.

It's an honor to be recognized as a reference among full service law firms in the Brazilian legal market, contributing to excellence, authenticity and competitiveness in the market and offering expertise in our many areas of practice. We are proud to have reached this 25-year milestone, and as always we are ready to continue earning the trust placed in our work.
