Recognition

It is with great pleasure that we share that BMA has once again been recognized as one of the most admired law firms in the country in Análise Advocacia 2026. In this edition, we earned 47 institutional recognitions, standing out in 17 specialties, 29 economic sectors, and also in the state of São Paulo, reinforcing the consistency of our performance across different areas and markets.

In addition to the institutional recognition, we received 143 individual mentions, highlighting 42 of our professionals.

In this edition, we were ranked 1st in the specialties of Arbitration and Competition, and in the economic sectors of Commerce, Construction & Engineering, and Hospitality & Tourism.

The research, conducted through interviews with legal and financial executives responsible for hiring legal services at major Brazilian companies, reflects the market's perception of the relevance and impact of the work we carry out together with our clients.
