Once again, the IP STARS guide published by **Managing Intellectual Property (MIP)** has recognized the strategic and dedicated work of BMA's Intellectual Property practice. Our firm is ranked in four categories: **Patent contentious, Patent prosecution, Trade mark contentious, and Trade mark prosecution.**

To create the guide, MIP conducts both independent research and interviews of clients, practitioners and firms in more than 50 jurisdictions.

With its multidisciplinary approach, BMA's Intellectual Property practice has become a reference in the market. We are proud to be part of this guide to great IP firms and practitioners around the world.

Congratulations to our practitioners, who led the way to this achievement, consolidating our firm's reputation for excellence.
